

Amelie Voges

a.voges.1@research.gla.ac.uk
+49 170 6614276
Glasgow, United Kingdom

PhD Student in Social Robotics
School of Computer Science
University of Glasgow

RESEARCH INTERESTS

Human-Robot Interactions, User-Centered Design, Robot Personalization & Customization, Social Cognition in HRI.

EDUCATION

PhD, Computing Science & Psychology Expected Sept. 2026
University of Glasgow, Social AI CDT
Thesis: ‘Establishing how best to align human expectations about a robot’s performance based on the robot’s appearance and behaviour’
Supervisors: Prof. Emily S. Cross and Dr. Mary Ellen Foster
Relevant Coursework: Conversational Interfaces, Programming for AI, Automatic Analyses of Human Behaviour, Computational Social Intelligence.

MSc, Psychological Research (Distinction) August 2022
University of Edinburgh
Thesis: ‘Investigating the Temporal Emergence of Navigational Affordances with EEG’
Supervisor: Dr. Edward Silson

MA, Psychology with Neuroscience (First Class) May 2021
University of Glasgow
Thesis: ‘Does facial age differentially affect the sex categorisation of male and female faces? A replication study’
Supervisor: Dr. Guillaume Rousselet

PUBLICATIONS

Amelie Voges, Emily S. Cross, Mary Ellen Foster. “Human, Animal, or Machine? A Design-Based Exploration of Social Robot Embodiment with a Creative Toolkit”, *33rd IEEE International Conference on Robot and Human Interactive Communication (RO-MAN)*. 2024.

Forthcoming

Amelie Voges, Emily S. Cross, Mary Ellen Foster. “[What Was I Made For? Evaluating the Legibility of Laypeople-designed Social Robots](#)”. *34th IEEE International Conference on Robot and Human Interactive Communication (RO-MAN)*. 2025.

WORKSHOP ITEMS

Amelie Voges, Emily S. Cross, Mary Ellen Foster. “My Robot, My Rules: Exploring the Impact of User-driven Customization on First Impressions of Social Robots”, *Academia Meets Industry in Socially Interactive Agent Applications Workshop*, at *Intelligent Virtual Agents (IVA)*. 2024.

ACADEMIC EXPERIENCE

Graduate Teaching Assistant 2023 - ongoing
University of Glasgow, Psychology 2A & 2B. Lectured undergraduate students in research methods in Psychology & statistical analysis with R, provided additional statistical analysis and coding help for student projects.

Lecturer, Widening Participation Summer School. Summer 2024
University of Glasgow. Designed and taught short courses on Social Robotics, Neuroimaging, and Open Science to prospective Psychology students.

Research Assistant, DREAM Research Unit. Summer 2020
Dresden University of Technology. Collaborated with researchers to investigate factors affecting women's psychological wellbeing throughout pregnancy. Responsible for collecting, managing, and analysing participant data in a large-scale longitudinal study.

OTHER RELEVANT EXPERIENCE

Associate Fellowship of Recognising Excellence in Teaching 2025
University of Glasgow. On completion of the Developing as a Teacher in Higher Education course.

Organiser for Pint of Science UK Sept. 2023 – May 2025
Glasgow. Organised and chaired public outreach science events where roboticists gave talks about their research to a layperson audience.

Organiser for Edinburgh ReproducibiliTea & EORI 2021-2022
University of Edinburgh. Volunteer for Edinburgh University's Open Research Initiative. Responsibilities included developing and distributing Open Science resources, researching and compiling information on best practice recommendations in Open Science, and organising the university's first Open Science conference.

Clinical Psychology Intern August 2019
Universitätsklinikum Carl Gustav Carus. Assisted in academic research on the development of therapeutic alliances in day clinics, administered exposure therapy sessions and mindfulness workshops.

ACTIVITIES

Volunteer with Nightline 2018 – 2021
University of Glasgow. Part of a volunteering team providing emotional support and guidance for students throughout night shifts, aiding in the training and support of new volunteers as an experienced volunteer. Received a Saltire Award for 100+ hours of volunteering.

SERVICE

Conference Reviewer: ACM/IEEE International Conference on Human Robot Interaction (HRI), ACM Conference on Human Factors in Computing Systems (CHI), International Conference on Human-Agent Interaction (HAI).

SKILLS

Languages: English and German (bilingual)

IT Skills: R, Python (basics), Microsoft Office, EndNote, Qualtrics, Photoshop.
